

NEW NORMAL OF PRINCEVILLE

AMAZING THAILAND

SAFETY & HEALTH ADMINISTRATION

(CERTIFIED)

HEALTHY • SAFETY • HYGIENIC

1. Intensive Screening :

คัดกรองป้องกัน

- Single entrance to screen all customer / visitor / supplier/staff
- To implement temperature checking of all incoming guests & Staff
- Alcohol hand sanitizers are available at all contact points and service areas
- Face masks, thermometers to be made readily available for guests and Staff.

2. Physical Distancing :

จำกัดความหนาแน่น

- Social distancing to keep distance at least 1 – 2 meters apart in waiting and service area by symbol marked.
- Limit the number of people who receive the service in a reasonable proportion.

3. Hygienic Cleaning :

ควบคุมสุขอนามัย

- Hi – touch area cleaning every 30 – 60 minutes by using international standard disinfectant solution.
- Clean / Wash hands: All hotel staff clean or wash their hands before and after working.
- All cleaning equipment and cleaning cloths must be washed with disinfectants.

4. Real time communication :

สื่อสารทุกช่องทาง

- Training and knowledge circulation for Hotel staff
- To set up a central command center for effective assessment of the current situation and realignment accordingly.
- Develop new in-hotel technologies to help reduce exposure, such as QR codes.
